Greater Noida, Uttar Pradesh

Career Objective:

A dedicated and detail-oriented Information Technology Engineering undergraduate with a solid foundation in software development, algorithms, and problem-solving. Seeking a challenging position where I can contribute my programming and analytical skills to the growth of the organization.

Skills

- **Programming Languages**: C++, Java, Python, JavaScript
- **Web Technologies**: HTML, CSS, React.js
- **Database Management**: MySQL, MongoDB
- **Tools**: Git, Visual Studio Code
- **Other Skills**: Object-Oriented Programming (OOP), Data Structures and Algorithms, Problem- solving

Education

Bachelor of Technology in Information Technology
Noida Institute of Engineering and Technology
July 2026
CGPA: 7.01/10.0
Intermediate (Bihar Board)
Rajendra High School, Siwan, Bihar
2021
Percentage: 78.2
High School (CBSE)
Sanghmitra Public School, Siwan, Bihar
2019
Percentage: 87.2

Projects

1. Personal Finance Management System
- **Tech Stack**: Python, MySQL
- Developed a desktop application that helps users manage personal expenses, create budgets, and track savings.
- Implemented a graphical user interface (GUI) using Tkinter.
- Used MySQL for database management, handling user records and financial data securely.

2. Weather Forecasting Web Application
- **Tech Stack**: React.js, Node.js, Express.js, Open Weather API
- Built a responsive web application that fetches real-time weather data for any location using the Open Weather API.
- Implemented a clean and intuitive user interface using React.js and styled components.

3. E-commerce Website
- **Tech Stack**: HTML, CSS, JavaScript, MySQL
- Developed a full-stack e-commerce website featuring product listing, shopping cart, and user authentication.
- Integrated MySQL for backend data management, handling product inventory and user transactions.

Certifications

- Java, Advanced Java, My SQL from Coursera.
- Full stack web development from Teachnook India.
- Advanced Python from Prutor (IIT Kanpur).
- AWS from Infosys Springboard.

Hobbies

- **Coding**: Participating in coding challenges on platforms like Code chef and Hacker Rank.
- **Gaming**: Enthusiastic about playing and developing video games in my free time.
- **Photography**: Enjoy landscape and street photography, capturing everyday moments.
- **Reading**: Passionate about reading technology blogs and books on AI and cybersecurity.

Declaration

I hereby declare that the above-mentioned information is correct to the best of my knowledge and belief.
